

AMENDMENT

Kindly amend the application, without prejudice, without admission, without surrender of subject matter, and without any intention of creating any estoppel as to equivalents, as follows. A marked version of the amended portions of the application is set forth in the accompanying Appendix:

In the Claims

Kindly amend the claims without prejudice, without admission, without surrender of subject matter, and without any intention of creating any estoppel as to equivalents as follows:

*A 1*  
7. (Amended) The method of claim 1, further comprising administration to the subject of a compound which causes the accumulation of a PS, the formation of a PS, or is converted to a PS, in the subject's body.

*MB 1*  
8. (Amended) The method of claim 1, further comprising administration to the subject of a compound which causes the accumulation of, the formation of, or which is converted to a porphyrin, in the subject's body.

*A 2*  
10. (Amended) The method of claim 1, wherein the subject has a hematopoietic disorder, and a PS and a retinoic acid, are administered to the subject.

*A 3*  
13. (Amended) The method of claim 1, wherein a proliferating cell is induced to differentiate and the PS is supplied such that it is present while the cells are in a state of induced differentiation.

*A 4*  
16. (Amended) The method of claim 15, wherein the photosensitizer includes chlorin e6 or a chlorin derivative.

In the Specification

Kindly amend the specification without prejudice, without admission, without surrender of subject matter, and without any intention of creating any estoppel as to equivalents as follows:

At page 19, line 14, please delete "Flourescence" and insert therefor --Fluorescence--; and line 19, please delete "preformed" and insert therefor --performed--; and line 18, please delete "(autoflourescence) and insert therefor --(autofluorescence)--; and line 27, please delete "efficiacy" and insert therefor --efficacy--. Thus, please amend the specification at page 19, fourth and fifth paragraphs to read:
